ELITE SHIPPING L.L.C

i n t e r n a t i o n a l f r e i g h t f o r w a r d e r s

Elite Shipping L.L.C., was conceptualized and established in 1997. It is managed by a young and dynamic team of professionals whose combined experience totals over 100 years.

The freight forwarding division is led by Mr. Sreejith Warriar, a professional well versed in all aspects of freight forwarding and logistics over a career in logistics spanning more than a decade. This is complemented by the support of an able team.

Today, the fast paced needs of trade and supply chains can be satisfied only through the intervention of holistic service providers who can provide solutions to customer at arms length.

We being a proud member of the Universal Freight Organization [UFO]; an ISO 9001:2008 certified organization with 129 independent members with over 320 Offices in 116 countries have by intent covered most major ports which offer services as business hubs through UFO Partners. Exclusive agency agreements are in place for confidentiality and security of business for key clients.

Contractual arrangements with leading carriers and a network of reliable and competent Strategic Partners enable us to provide support to our Origin/Channel and End user customer. We have established a niche in the following markets by securing competitive rates, offering highly specialized services at optimum terms.

Customs Clearance

A tailor made product best suits the section of our customer base in terms of economical shipments mainly to US/ Canadian and European destinations from Asia and the Indian sub-continent. Elite Shipping L.L.C., has expertise in these products and have developed sufficient sea- air traffic from within the customer base to make it financially viable for the customers. Strong working tie ups with the shipping companies at origin and at the hub port of Jebel Ali along with the commitment with the Airliners is the key to success of the product. The infrastructure and the facilities available in Dubai have helped Sea Air as a boon to the existing freight forwarding business. Depending on destination and weight/volume of shipment, cost savings are very substantial.

AIR / AIR

Elite Shipping L.L.C., offers a quick turnaround time for air-air trans-shipments to airports all over the world. We can minimize transit time and costs and assure on time delivery via Dubai.

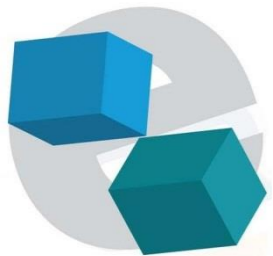

SEA / AIR

Elite Shipping L.L.C., is today one of the leading sea-air operators into Europe via the United Arab Emirates. This uniquely cost effective and time sensitive solution connects the corners of the world and bridges the gap between sea and air freight.

ROAD FREIGHT

Powered by our own fleet of vehicles and carefully selected preferred partners, our Road Freight products provide you with the right capacity allocation and equipment for every type of shipment. We have direct access to over 500 trucks as well as specialized equipment like refrigerated vehicles or double stacking trailers, to ensue that we are flexible enough to transport your cargo across land to almost every destination within the Middle East.
